

Miss Hoyle's Newsletter

October 20, 2023

Science	We continued learning about Force & Motion! We learned about the Inclined Plane and the Wedge, and how they use force to make our work easier.
Math	We used basic addition and subtraction facts to solve problems with larger numbers. We used diagrams & pictures to help solve number stories. We made sense of and solved two-step number stories. We used Xtra Math to practice our subtraction facts. We used IXL to practice and build on other 3rd grade math skills.
Writing	We learned how to write a strong conclusion for a narrative story. We reviewed how to write a complete sentence. We edited and revised our personal narratives. We checked for spelling and grammar mistakes. We published our stories (wrote a final copy).
Reading	We continued reading "The Wild Robot." We learned how to use inferencing skills. We learned about character traits and how to find evidence in our stories to back up the traits we found. We continued building our independent reading stamina.
