Social Studies	We continued our Social Studies unit on Economics & U.S. Government. We learned about Capital Resources (the physical items needed to do a job or service). We worked on giving real-life examples of natural resources, human resources and capital resources.
Math	We explored even and odd number patterns with arrays. We worked on more multistep number stories. We reviewed for and took our Unit 2 Assessment.
Writing	We continued our fiction narrative unit! We used our imaginations & story starter ideas to write our own creative stories. We used Book Creator to write our stories. We developed a plot for our stories.
Reading	We finished reading "Because of Winn-Dixie." We worked on getting to know our characters. We read our own fiction books. We talked about the plot of the story.
Grammar	We worked on identifying and learning how different vowel teams work. When two vowels go "walking," the first does the "talking."
