

Miss Hoyle's Newsletter

September 8, 2023

Science	We learned all about the steps of the Scientific Method! We completed the “Dancing Raisins” experiment!
Math	We reviewed how to tell time. We reviewed elapsed time and other skills learned last year. We used Prodigy to practice our math skills.
Writing	We made lists of people and places who are important to us. We chose small moments and wrote about them. We used our imaginations and created fun stories on Friday.
Reading	We reviewed how to and practiced reading to ourselves. We used our prediction skills. We practiced our 3rd grade sight words and worked on building our vocabulary.
